Foreword

It gives me immense pleasure to present this fourth Annual Report of the Assam Electricity Regulatory Commission containing a summary of the activities of the Commission in the year FY 2007-08.

The Commission has undertaken a number of initiatives for effective implementation of the wide-ranging responsibilities under the Electricity Act 2003. Supply of electricity at reasonable rate to all is essential for overall development of the state. Equally important is availability of reliable and quality power at competitive rates to industries and consumers for sustaining a stable regime of growth of this segment.

Keeping in view of the role of regulator, crucial for success of reform in power sector, the Commission has ceaselessly performed its task with due diligence and dedication at all times.

The Tariff Order issued by the Commission for FY 2007-08 on 12th Sept'07 is in a right direction towards separation of various components of cost of electricity, which is prerequisite for open access benefit to the consumers of the electricity. I am hopeful that with this pace of activity in the tariff front the commission will be able to implement fully the open access benefit to the consumer of the state in coming years.

The increasing interest towards non conventional energy resources by different investor is an encouraging step for harnessing untapped non conventional energy. The modest beginning of a 2 MW Small Hydro Station in 2006-07 was a maiden activity where the commission issued tariff order and the project is now under implementation. The 2007-08 has noticed increased activities in this front where number of such project developers in private sector have approached the Commission for tariff fixation. The 10 MW Rice Husk Based project at Marigaon, 6 MW Municipal Solid Waste project under Guwahati

ayanta Barkakati)

Municipality Corporation and 3 MW Heat Recovery Generating Project at Noonmati, Guwahati are the projects currently conceptualized for implementation.

The Commission in its endeavour to further streamline and promote non conventional energy sources has notified Regulations under section 86 (e) of the Electricity Act 2003 which is under publication in official Gazette for implementation.

The Consumer Advocacy Cell functioning under the commission has continued to give necessary guidance to the consumers by way of direct interaction as well as through periodic news letter "The Electricity Consumer Grid".

The Commission is thankful for the continued support received from the Government of Assam and various other stakeholders and resolves to carry on the work effectively in its endeavour to set up a fair, transparent and objective regulatory regime in the state.

INTRODUCTION

- 1.1. The Assam Electricity Regulatory Commission (hereinafter referred to as the AERC or the Commission) was established under the Electricity Regulatory Commissions Act (hereinafter referred to as the ERC Act), 1998 on February 28, 2001. The AERC came into existence in August 2001 as a one-man Commission. Considering the multidisciplinary requirements of the Commission, it was made a multimember one constituting three Members (including Chairperson) from 27th January, 2006. The Commission has started functioning as Multimember Commission on joining of two members from 1st February, 2006.
- **1.2.** The Commission is mandated to exercise the powers and functions conferred under Section 181 of the Electricity Act 2003 (36 of 2003) (hereinafter referred to as the Act) and to exercise the functions conferred to it under Section 86 of the Act. The Act was applicable from 10th June 2003.

2. FUNCTIONS OF THE COMMISSION

The Commission is vested with the responsibility of discharging the following functions:

- (a) determine the tariff for generation, supply, transmission and wheeling of electricity, wholesale, bulk or retail, as the case may be, within the State;
- (b) regulate electricity purchase and procurement process of distribution licensees including the price at which electricity shall be procured from the generating companies or licensees or from other sources through agreements for purchase of power for distribution and supply within the State;
- (c) facilitate intra-State transmission and wheeling of electricity;
- issue licences to persons seeking to act as transmission licensees, distribution licensees and electricity traders with respect to their operations within the State;

- (e) promote cogeneration and generation of electricity from renewable sources of energy by providing suitable measures for connectivity with the grid and sale of electricity to any person, and also specify, for purchase of electricity from such sources, a percentage of the total consumption of electricity in the area of a distribution licensee;
- (f) adjudicate upon the disputes between the licensees and generating companies and to refer any dispute for arbitration;
- (g) levy fee for the purposes of the Electricity Act, 2003;
- (h) specify State Grid Code;
- specify or enforce standards with respect to quality, continuity and reliability of service by licensees;
- fix the trading margin in the intra-State trading of electricity, if considered, necessary;
- (k) discharge such other functions as may be assigned to it under the Electricity Act, 2003;
- (l) advise the State Government on all or any of the following matters, namely:-
 - (i) promotion of competition, efficiency and economy in activities of the electricity industry;
 - (ii) promotion of investment in electricity industry;
 - (iii) reorganization and restructuring of electricity industry in the State; matters concerning generation, transmission, distribution and trading of electricity or any other matter referred to the State Commission by the State Government.

3. MISSION OF THE COMMISSION

(a) To promote competition, efficiency and economy in the activities of the

Electricity Industry within the State of Assam.

- (b) to regulate the power purchase and procurement process of the distribution utilities for sale, distribution and supply of electricity within the State of Assam.
- (c) to determine the tariff for electricity, wholesale, bulk, grid or retail, as the case may be, and the tariff payable for use of transmission facilities, within the State of Assam.

The Vision of the Commission is:

An Assam where the electricity supply system supplies uninterrupted power at required voltages where all consumers can meet their requirements of power at an affordable cost anytime, so that the state can develop on the basis of such power supply.

4. CHAIRPERSON OF THE COMMISSION

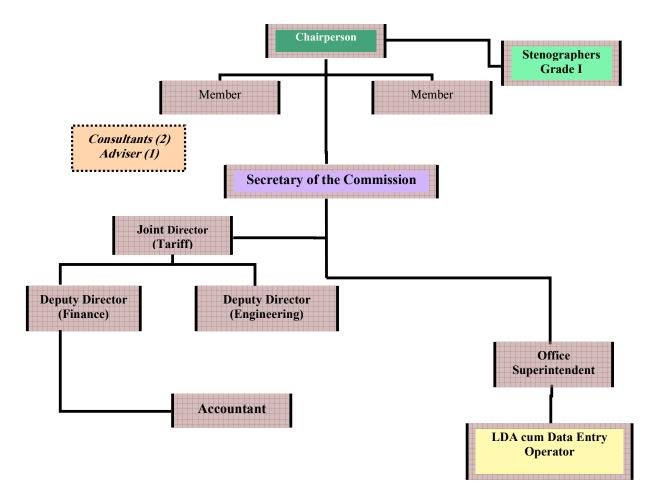

During the reporting period the Commission was headed by Shri P. K. Bora, IAS (Retd.) who joined as Chairperson of the Commission on 2nd June, 2006. 11. THE CONSUMER ADVOCACY CELL.

FUNCTIONING OF THE CONSUMER ADVOCACY CELL, AERC

The Consumer Advocacy Cell of Assam Electricity Regulatory Commission is now one year old. Formed on 4th February, 2005, the Cell has embarked upon different activities during the period of time for promoting awareness among consumers on power related matters which are indicated below:

- (A) New consumer groups were empanelled with the Cell from different parts of Assam for consumer participation in important regulatory matters.
- (B) A quarterly power information bulletin titled "The Electricity Consumer Grid" is being published consisting of useful information to consumers like Mechanism for complaint redressal, important tips to electricity users and other power related information. Eight editions of this bulletin have been published so far. These are available at the official website of the Commission: www.aerc.nic.in.
- (C) The Cell observed "National Energy Conservation Day" on 14th December 2007. On the occasion banners on the need for energy conservation were displayed and leaflets on how to save energy were distributed among consumers. In a meeting organized at the Commission's office premises, the urgency in conserving energy and building awareness among consumers on the matter were highlighted.

12. DISPOSAL OF TARIFF PETITION FOR 2007-08

ANNUAL REVENUE REQUIREMENT (ARR) AND TARIFF PETITIONS OF UNBUNDLED ENTITIES.

Assam State Electricity Board (ASEB) and its five successor entities submitted petition for Annual Revenue Requirements (ARR) for FY 2007-08 to FY 2009-10 along with tariff proposals for FY2007-08 to meet the additional revenue requirements before the Assam Electricity Regulatory Commission (AERC) as per provisions of the Electricity Act, 2003 and regulations made under the Act.

As per the provisions of Assam Electricity Reform Final Transfer Scheme, 2005, notified by the State Government as per the provision of the Electricity Act vide PEL.151/2003/Pt/349 dated 16th August, 2005, the ASEB is carrying out the function of bulk purchaser and bulk supplier. Accordingly, ASEB has filed petition before the Commission for Bulk Supply Tariff applicable for distribution companies.

13. SALIENT FEATURES OF TARIFF ORDER ISSUED ON 12TH SEPTEMBER, 2007 BY THE AERC FOR 2007-08

- (1) The Assam Electricity Regulatory Commission has approved rise in tariff of 1 to 2% to various categories of consumers against the demand of 19% filed by the Utilities namely Upper Assam Electricity Distribution Company Limited, Lower Assam Electricity Distribution Company Limited and Central Assam Electricity Distribution Company Limited. The new tariff will be effective from 20.09.2007.
- (2) Energy rate for all categories of electricity consumers except Jeevan Dhara category has been increased by 5 paisa without any enhancement of fixed charge.
- (3) There is no increase of tariff for the consumers below poverty line.
- (4) Average tariff was kept at Rs. 4.42 per unit same with last year's tariff.
- (5) Against the sales projection of 2417 MU in 2006-07, the sales projection for 2007-08 is considered at 2905 MU. There will be an increased supply of about 500 MU of energy to the consumers of the State. Due to running of Karbi Langpi Hydro Electric Project, an additional energy of around 400 MU will be made available to the Grid.
- (6) The total T&D loss including Transmission loss has been estimated at 31.15% in 2007-08 which is lower by 2.7% than the previous year.
- (7) A rebate of Rs. 40 per month is given for all consumers who have installed solar water heating systems for meeting their hot water requirements.
- (8) Some concession has been given to domestic category of consumers on connected load by way of taking the higher rating of only one equipment if both Air-conditioner (without heater) and Geysers are installed and used for domestic purpose only.

17. CONCLUSIONS

During the year 2007-08, the Commission received adequate financial and administrative support from the State Government facilitating proper discharge of its various functions and responsibilities. It is hoped that this support will continue during the ensuing year and the Commission would be in a position to consolidate the work done so far and stride further in the electricity regulatory and reform process in the State. The Commission solicits unstinted cooperation of the Government of Assam, the Assam State Electricity Board and successor entities, other licensees and stakeholders including the general public, in realizing the mission of the Commission.
