ORDER

1. Assam Power Generation Corporation Ltd (APGCL) had filed a Petition (registered as Petition No. 38 of 2016) for approval of Tariff for 13.5 MW Myntriang Small Hydro for FY 2017-18 to FY 2029-30.
2. As scheduled, a Hearing was held on 31.07.2017. During the Hearing, APGCL submitted that, out of three units, presently two units of Stage-II (3X1.5 MW) is running. The other unit is kept idle due to insufficient water flow. The project execution work is ongoing for Stage-I. The same is expected to be commissioned by March' 2018.
The Petitioner further submitted that, after commissioning of Stage-I, the cost parameters of the project as a whole may change.
The Petitioner further submitted that, APGCL is presently raising monthly energy bill @80% of the proposed tariff.
3. Considering the submissions, it is understood that, the cost parameters are not yet finalized and after commissioning of Stage-I the cost parameters will change. Therefore, the Commission deems it fit not to proceed with the determination of Tariff for MSHEP at present. APGCL may continue with the present arrangement and bill APDCL @80% of the proposed Tariff i.e. Rs 2.18/unit. After commissioning of Stage-I, APGCL may approach the Commission along with detail updated project cost duly certified by Auditor for approval of Tariff by filing a fresh petition.

With the above observations and decisions, the Petition No 38/2016 is hereby disposed of.
