### ORDER SHEET

The Regulation 4 of the “AERC (Renewable Purchase Obligation and its Compliance) Regulations, 2010” states:

“Every obligated entity shall purchase not less than 1.4%, 2.8%, 4.2%, 5.6% and 7% of its total energy handled during 2010-11, 2011-12, 2012-13, 2013-14 and 2014-15 respectively from renewable energy sources under the Renewable Purchase Obligation or until reviewed by the Commission.

Provided that 0.05 percentage point out of the renewable purchase obligation so specified in the year 2010-11 shall be procured from generation based on solar as renewable energy source and shall be increased at a rate of 0.05 percentage every year thereafter till 2014-15 or until reviewed by the Commission.”

However, Renewable Purchase Obligations (RPO) for the subsequent years beyond FY 2014-15 have not been specified till date. In view of this, the Commission decided to keep the level of RPO same like 2014-15 i.e. total 7% (Non-solar: 6.75% and Solar: 0.25%) for the year 2015-16 till the amendment of the Regulations.
